SIGNIFICANT ACCOUNTING POLICIES AS RESTATED:

NOTE I: Accounting policies adopted by the Company

Basis of preparation of financial statements

These Consolidated financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis except for certain financial instrument which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under section 133 of the Companies Act 2013 (the Act) read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act(to extent notified). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires change in the accounting policy hitherto in use.

Presentation of financial statements

The Balance sheet and the statement of Profit and loss are prepared in the format prescribed in the Schedule III of the Companies Act 2013. The Cash Flow statement has been prepared and presented as per the requirements of Accounting Standard (AS) 3 “Cash Flow Statements". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required by the notified Accounting Standards.

Use of Estimates

The preparation of the consolidated financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year.

The Management believes that these estimates are prudent, reasonable and are based upon the Management’s best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognized in the periods in which the results are known or materialized.

Estimates and underlying assumptions are reviewed on a ongoing basis. Revisions to accounting estimates are recognized in and from the period in which the estimate gets revised.

This note provides an overview of the areas that involve a higher degree of judgment or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

The following significant accounting policies are adopted in the preparation of these financial statements:

1. **Revenue recognition**
   (a) Sales are recognized when goods are supplied and are recorded net of discounts. Sales revenues are presented net of value added taxes in the statements of profit and loss.
   (b) Income from other receipts is recognized on its completion and on its acceptance by the customers.
   (c) Dividend income is accounted for in the year in which the right to receive the same is established.
   (d) Interest income is recognized using the time proportion method, based on rates implicit in the transaction.

2. **Fixed Assets**
   Tangible assets shown under gross block are valued at cost of acquisition inclusive of inward freight, duties, taxes and other incidental expenses related to its acquisition. All such direct costs are capitalized when the tangible assets are ready for use. Management has capitalized the cost of software development incurred on V-Pay. In fixed Asset it is shown under software development of V-Pay.

3. **Foreign currency transactions and translations**

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are restated at the exchange rate prevalent on the Balance Sheet date and gain/ loss on such restatement is charged to the Statement of Profit and Loss.

4. Depreciation and amortization

(a) Depreciation on tangible assets has been calculated in accordance with the Schedule II of the Companies Act,2013 as under:
